The Faculty of Engineering in Foreign Languages or « FILS » is a school of engineering within the framework of the University POLITEHNICA of Bucharest, where all teaching activities are entirely performed in foreign languages. Currently, FILS functions via three linguistic streams:

- -English stream
- -French stream
- German stream.

Objectives :

- Educating bilingual and multilingual specialists with a wide training background, specialists able to satisfy the needs of the Romanian companies whose cooperation with foreign companies and whose foreign relations are developed; specialists able to satisfy the needs of joint ventures and of foreign companies located in our country.
- Promoting the students' mobility by sending them abroad for company internships, for linguistic training and studies in partner universities, and by students' exchanges.
- Developing bilateral and multilateral relationships with universities and schools of engineers in advanced countries in order to ensure a rapid transfer of pedagogical and specialized knowledge.
Allowing foreign students to start their studies without being obliged to learn Romanian beforehand.

Other information

The undergraduate program is developed in partnership with ROMATSA, the Romanian Air Traffic Services Administration. All the courses of the program are open for Erasmus incoming students.

Academic calendar

October - June

Admissions Requirements

The citizens from EU countries candidate for admission in the Romanian educational system under the same conditions as the Romanian citizens and they are subject to the same tuition fees as the Romanian students.

In order to obtain the recognition of the studies, the European candidates must send to University Politehnica of Bucharest the following documents:

- Filled application form
- Certified copy of Baccalaureate diploma
- Certified copy of university diploma and academic transcript (for master or PhD)
- Personal Identification Document: Passport (copies of pages 1,2,3,4)/identity card (ID).

No of available state subsidized places, scholarships and program administrative costs

25 state subsidized places

The documents written in other languages than English or French will be translated in Romanian or English.

The citizens from non-EU countries who wish to study in our university must:

- have the documents proving the citizenship of the respective state
- have the necessary qualification, attested by educational documents
- have the pre-approval of University "POLITEHNICA" of Bucharest

Non-EU citizens willing to study in Romania have to apply to University POLITEHNICA of Bucharest, in order to receive the pre-enrollment.

The Letter of Acceptance will then be issued by the Ministry of Education and Research.

The application papers, only in copy, have to be mailed to the University „POLITEHNICA” of Bucharest, for pre-enrollment. The official documents have to be submitted personally, in original, when applying in Romania.

Before coming to Romania, the international students should have their documents endorsed within the Romanian embassies in their own countries; there, they should obtain a valid visa for studying in Romania.

The citizens from non-EU countries can be registered for studies in University „POLITEHNICA” of Bucharest without entry examination, by supplementing the enrolment figure approved for Romanian citizens.

The staff of foreign official representatives – embassies, consular offices, economic agencies, international organizations and organisms – and their family members can be accepted in the Romanian higher educational system, under the same regime of tuition fees as the Romanian citizens.

The official quality of the these candidates has to be confirmed by the Ministry of Foreign Affairs.

Admission to „POLITEHNICA” university is based on the selection of application files.

International students have to prove good knowledge of the teaching language (Romanian, English, French or German).

Usually, they learn Romanian during a preparatory year (being possible in our university only for candidates that intend to follow post-university study). The candidates who speak Romanian can skip the preparatory year after having passed a test of Romanian language. The candidates who can formally prove that they have studied in Romanian for at least four years consecutively, do not need to pass the Romanian language test nor to attend the preparatory year.

Foreign students who have begun to study in their home country or in another country, can finish their studies in Romania. This possibility depends on each individual case, after the recognition and equivalence of diplomas by our university.

For pre-enrollment, the following application documents are requested:

- Application form (filled in 2 copies) ;
- Certified copy of the Bacalaureate Diploma and university Diploma equivalent-for foreign citizens that apply for master and PhD studies ;
- Academic transcript translated into Romanian, English, or French;
- Certified copy of the Birth Certificate ;
- Copy of the passport;
- Medical certificate.

These documents have to be accompanied by legalized translations in a language of international circulation (by case), certified for authentication by the Embassy of Romania from the issuer country or with Apostille of Hague (for EU citizens).

Before coming to Romania, the non-EU citizens should obtain a valid visa for study in Romania from the Romanian embassies in their own countries.

**The exam consists of written examinations. For Information Engineering and Applied Electronics, Mechanical Engineering and Material Science:
Algebra and Calculus (M1)
Physics or Geometry and Trigonometry (M2)**

For Chemical Engineering the admission depends on the grades in the record from high school for the disciplines:
