## News & Events

On July 1st, 2022, Riga Technical University (RTU) celebrated its 160th Anniversary.

University POLITEHNICA of Bucharest was represented by Mrs. Corina Dumitrescu, Dean of the Faculty of Entrepreneurship, Business Engineering and Management.

On behalf of UPB, Mrs. Corina Dumitrescu awarded a Diploma of Excellence to the RTU Rector, Mr. Leonids Ribickis, and delivered a speech during the gala event.

The UPB representatives participated at the Task Force Learning & Teaching of CESAER (Conference of European Schools of Advanced Engineering Education and Research).

The discussions were focused on CESAER members involvement in European University Alliances and the recent affiliations, the challenges that the universities are still facing, the organization of the activities of the task force with reference to the new calls for alliances of the European Commission, and on other important topics related to the Higher Education evolution.

Professor Ciprian Dobre, Vice-Dean of the Faculty of Automatics and Computer Science, presented the stages of the LLSF project and the importance of living interconnected labs for the future of education (Call 2021, KA220-HED, implementation period 2022-2024).

UPB hosted the Official Opening Ceremony of the FESTIVAL of French-speaking students from Central and Eastern Europe as well as the CONTEST "Transforming good ideas into start-ups", organized in partnership with AUF Central and Oriental Europe.

More than 80 French-speaking students took part in several workshops on soft skills (press article writing and content creation dance, photography, music, and sport).

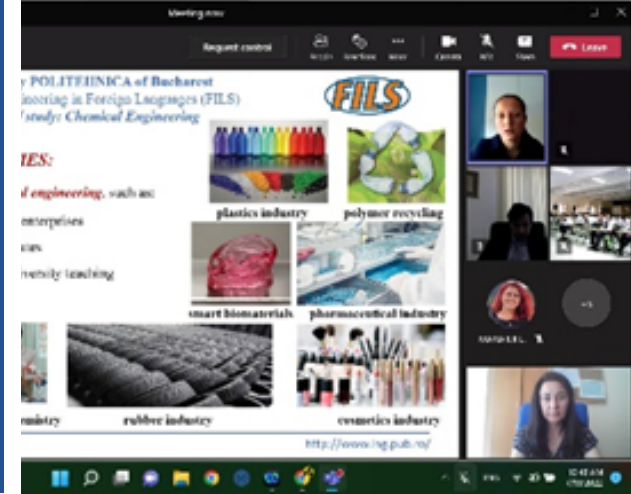

In parallel with the Festival of French-speaking students, the finalists of the "Transforming good ideas into start-ups" competition watch the support programs on:

- ➔ Business finance
- ➔ Marketing
- ➔ Communication for start-ups

The four teams presented their start-up projects during the final scheduled for Friday, July 15.

On July 19th, His Excellency Dr. Zafar Iqbal, Ambassador of the Islamic Republic of Pakistan to Bucharest, with the support of the Department of International Relations of UPB and together with the representatives of the Faculty of Engineering in Foreign Languages and the Faculty of Automatics and Control Science held a presentation of the study programs in foreign languages to the college students from Pakistan.

Between August 22 and 26 took place the 3rd edition of the UPB & INSA Groupe Summer School "New and Emerging Renewable Energy Technologies"

Students from the INSA Groupe and the University POLITEHNICA of Bucharest took part in an multicultural and enriching experience.

The workshops focused on sustainability, and students had the opportunity to interact with experts in the field and researchers from UPB and the INSA Groupe, and also visited the cultural and historical objectives of the country.

The students competed in 6 teams on projects on sustainable development, culture and creativity.
